File Number: 3026-01 MA LTC Correspondence

David Maude, Chairperson
Mayne Island Improvement District
520 Felix Jack Road
Mayne Island, BC VON 2J2

Dear: Chairperson Maude

Garbage Services – Mayne Island

I'm writing on behalf of the Mayne Island Local Trust Committee (LTC) regarding garbage collection on Mayne Island.

As you are aware in the past garbage collection has been carried out by a number of different individuals who sometimes provided service in the form of residential pick-up, drop off locations, or both. The LTC would like to see the service put in place in a formal manner.

Being that Mayne Island Improvement District (MIID) has the authority to provide for garbage service on Mayne Island the LTC is requesting that the MIID turn its mind to how garbage collection should be carried out in the future and devise a solution that provides Mayne Island with a long term sustainable garbage service.

The LTC will provide any assistance it can in helping to reach a workable solution.

Thank you in advance for considering this matter.

Sincerely,

Dan Rogers, Chair
Mayne Island Local Trust Committee
