Dear Katherine Somerville,

RE: Mayne Island Garbage Services

Thank you for your letter of March 23rd. I want to apologize for not replying to your letter of November 28th. I did acknowledge receipt by email on December 5th and did not understand there was a message you required a reply to. We very much support and appreciate the efforts the Improvement District has made in response to the request of the Islands Trust regarding a garbage service on Mayne Island.

In specific response to your letter, I have now been made aware of the “messaging” you refer to about the renewed Mayne Garbage Service operations being “100% conforming to all Land Use Bylaws”. The service (which made a very public announcement of shutting down last year) started up again without any consultation with Islands Trust. We have no knowledge of a change in the way they operate that would allow us to say that they now comply with the bylaws. Nothing has changed from our end. We will assess any operators in accordance with the bylaws as was done in the past.

I hope this answers your inquiry.

Dan Rogers, Chair
Mayne Island Local Trust Committee
